

# ADMISSION REQUIREMENTS & PROCEDURES FOR NONMATRICULATING STUDENTS

---

A nonmatriculating student is a person who is taking courses to achieve special professional goals or personal enrichment. Nonmatriculating students may take up to 6 credits. Admission procedures for nonmatriculation are as follows:

1. Complete the application for admission.
2. Provide official transcript(s) showing receipt of a baccalaureate degree from an accredited college or university to document eligibility for graduate study. This documentation must be provided prior to approval for nonmatriculating status.
3. Provide supporting documentation as required for individual courses.
4. Submit \$250 (nonrefundable) tuition deposit.

Note: Nonmatriculating students who later choose to apply for matriculation should be aware that credits taken prior to matriculation may not be applicable to current program requirements.

## Student Immunization & Document Requirements

All students are required to complete a Student Health Form and provide documentation of immunizations before attending class and/or moving into residence halls. Click here to complete your health forms via the student health portal (<https://georgian.studenthealthportal.com>).

Failure to comply will result in a hold on your account and inability to register for future classes.

### Georgian Court University Requires the Following:

- Measles/Mumps/Rubella (MMR): Two doses: First dose given after 1968 and on or after 12 months of age; second dose separated at least by 28 days from the first dose or laboratory report indicating positive immunity.
- Hepatitis B: (Full-Time Undergraduate and Graduate Students Taking 9 or More Credits): Three doses of vaccine (two doses of adult vaccine in adolescents 11 to 15 years of age)/or laboratory report indicating positive immunity.
- Meningococcal (must include Groups A, C, Y, & W-135): Requirement for all first-time students under the age of 19 (Commuters and Residents) and Resident Students over the age of 19. Meningococcal Meningitis vaccine given on or after 16th birthday. Booster dose required if given prior to 16th birthday.
- Verification of a negative Tuberculosis (Mantoux) test or Quantiferon Gold-TB test is required of all resident students performed within 6 months PRIOR to move-in date. International commuter students must submit results from testing within 6 months prior to the start of classes.
