

# STUDENT ACTIVITIES & ENGAGEMENT

---

Georgian Court recognizes that experiences outside the classroom are important to the overall development of students and supports a strong cocurricular program to complement the instructional activities. Through the Office of Campus Life a full program of social, cultural, and recreational activities is planned in conjunction with students, classes, clubs, and campus organizations and implemented to enhance the classroom experience. Activities include trips, Broadway shows, sporting events, and other social and educational activities.

The students in some graduate programs have formed associations or participate as graduate students in undergraduate honor societies in their discipline. Students should contact their graduate program director for more information.

## Student Publications

- *The Fountain Spray* (literary magazine)
- *The Lion's Tale* (student newspaper)
