

# PEER TUTORING & SUPPLEMENTAL INSTRUCTION

---

Peer tutoring and supplemental instruction are academic supports located in the lower level of the GCU library. These are provided by students who have taken a course and have obtained a B+ or higher in the course for which they will be peer tutors or supplemental instructors (SI). They must have achieved 30 college credits and have a cumulative GPA of at least 3.0. The SI will attend all course lectures to be able to best assist students with current coursework. Both peer tutoring and supplemental instruction are appointment based. Appointments may be scheduled at <https://georgian.mywconline.com>. For peer tutoring/supplemental instruction information, please call 732-987-2788. Email: [peertutoring@georgian.edu](mailto:peertutoring@georgian.edu)
