

# AMERICAN STUDIES, MINOR

The Interdisciplinary minor in American Studies offers students an opportunity to learn about America's past and present from multiple disciplines. As a result of this dynamic approach, students will have a unique opportunity to gain a fuller synthesis and understanding about the culture and society of the United States. It will also allow students the flexibility to design their own educational experiences while sharpening their writing, research, and critical thinking skills. The minor will enhance preparedness for teaching, law, business, government service, communication, and graduate studies.

## Requirements

A minimum of 18 credits is required for the American Studies minor. Half of the required courses must be taken at Georgian Court University. Students may apply to the American Studies advisor, Dr. Jessica Hausmann (jhausmann@georgian.edu), for approval of a course that is not currently listed.

Code	Title	Credits
Select one of the following:		3.0
EN113	American Literature Before 1865
