

# HEALTHCARE ADMINISTRATION, MINOR

---

The Healthcare Administration minor blends practical business skills with industry-specific knowledge to prepare students for leadership roles in healthcare settings. Courses emphasize operational efficiency, quality improvement, and data-informed decision-making, while also addressing the ethical complexities of healthcare delivery. This minor complements majors in business, health sciences, and related fields, equipping students to navigate the evolving healthcare landscape with confidence and impact.

## Minor Sequence

Up to two three-credit courses (six credits total) may double-count for a student's major, other minor, or general education requirements and the healthcare administration minor. The **Minor in Healthcare Administration** requires 18 credits from:
